# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on JANUARY 21, 1979
- Export Shipments in  
Current Marketing Year
- Daily Sales Reported  
JANUARY 22 - 28, 1979  
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of February 1, 1979 (based on reports from exporters for the week ending January 21, 1979).

Wheat: Net sales of 608,500 metric tons (MT) represented a drastic reversal from the low levels of the past three weeks. Principal buyers were Indonesia and Korea, with USDA program assistance. Sales to other markets continued slow as several major wheat exporting countries are still selling wheat at substantial discounts to U.S. wheat. Changes in final destinations and small contract adjustments caused minor changes in contractual balances in several countries. The rate of exports (505,000 MT) showed some improvement after four consecutive weeks of reduced activity.

Corn: A moderate improvement in sales volume was reported with the EC, Japan and Korea accounting for nearly 70 percent of the total increase. Numerous contract adjustments and destination changes in sales previously reported as unknown, nearly offset new sales to unknown. Belgium, Italy and Spain were named final destinations on sales switched from unknown. Export volume (871,800 MT) was slightly improved over the previous two weeks.

Sorghum: The export market was relatively quiet. Japan added 54,100 MT to earlier purchases. Sales to unknown were switched to Yugoslavia and shipped (29,500 MT). The export level dropped from the preceding week's hectic pace.

Rice: The export market continued to focus its attention on the commercial sector with most of the interest surrounding the Middle East. Iran, Iraq and Saudi Arabia all added small amounts to earlier purchases. Iran (17,900 MT) and Peru (15,800 MT) accounted for the bulk of the week's liftings.

Soybeans: Sales activity (191,100 MT) was about half of the previous week's with the EC, Japan and unknown destinations accounting for about 85 percent. Exports (531,700 MT) continued strong with the EC (312,000 MT) and Spain (100,100 MT) the major recipients.

Soybean Cake and Meal: Sales (69,400 MT) were only 36 percent of the previous week with a net increase of 37,000 MT in purchases by unknown destinations. Exports (81,100 MT) also declined going primarily to the EC, Venezuela, Portugal and Canada.

Soybean Oil: Sales (23,000 MT) picked up after last week's slump. Sales previously reported to unknown destinations were switched to Iran, Pakistan and Tunisia. Optional origin sales were reduced by 20,000 MT as India chose U.S. origin oil. Exports (34,600 MT) included the first shipments of the year to Mainland China and the Dominican Republic.

Cotton: Very heavy new sales were tempered somewhat by cancellations by Egypt, Korea, Japan and others. Net new sales (180,500 RB) reflected sales to the PRC, Japan, Korea and Italy and numerous other smaller purchases. Exports continued at a high level; the PRC, Egypt, Japan and Korea were major destinations. MY 1979/80 sales rose by 9,300 RB.

Barley and Oats: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR JANUARY 22-28, 1979, APPEAR ON PAGE 6.
